2. PROSECUTION OF WORK

2.1 *Change Orders*

City may, without notice to any sureties, and without invalidating the Contract, at any time: a) make alterations, deviations, additions to or deletions from the Contract Documents; b) increase or decrease the quantity of any item or portion of the Work; c) delete any item or portion of the Work; or d) require extra work, as determined by City to be necessary or advisable. All such Work shall be performed under applicable provisions of the Contract Documents, unless specifically provided otherwise at the time the change is ordered. Any such changes in the Work will be set forth in a written change order issued by City ("Change Order").

The Change Order will specify:

- A. The Work to be done in connection with the change to be made;
- B. The amount of the adjustment of the lump sum and rates set forth in **Exhibit A** and Total Compensation, if any, and the basis for compensation for the Work ordered; and
- C. The extent of the adjustment in the time specified for performance of Work, if any.

A Change Order shall not become effective until it has been signed by the Director of Public Works. Upon receipt of an approved Change Order, Contractor shall promptly proceed with the ordered Work, unless otherwise provided in the approved Change Order.

No changes or deviations from the Contract Documents shall be made without the authority of an approved Change Order, except that in cases of emergency the Director of Public Works may direct a change in writing. A Change Order increasing the Total Compensation under the Contract requires a written amendment to the Contract.

Whenever it appears to Contractor that a change is necessary, Contractor shall immediately notify the Director of Public Works of the change it believes necessary and the reasons for such change; however, work in the area affected shall not be discontinued unless ordered by the Director of Public Works.

Whenever Contractor's operations create a condition hazardous to traffic or to the public, it shall furnish, erect and maintain, at its expense, such fences, barricades, lights, signs and other devices and take such other protective measures as are necessary to prevent accidents or damage or injury to the public.

2.4 Inspection

All authorized representatives of City shall have access to the Work. Work and materials not meeting the requirements of City shall be corrected, and unsuitable Work or material may be rejected. Failure on City's part to reject nonconforming Work shall not be construed to imply acceptance of such Work. Observation by City of the Work shall not relieve Contractor of its responsibility to conduct its own comprehensive inspections of the Work and to furnish materials and perform work in accordance with the Contract Documents.

2.5 Termination

2.5.1 Termination for Cause

City shall have the right to terminate Contractor's right to proceed with some or all of the Work and may terminate this Contract for default by providing written notice thereof at least five (5) calendar days in advance of the termination date. City at its sole discretion may withhold any payment otherwise due Contractor until completion and final settlement of the Work covered by the notice of default.

2.5.2 Termination without Cause

City may also terminate the Contract for convenience if in the best interests of City upon thirty (30) calendar days' notice in advance. In such event, Contractor shall be paid for

all substantiated direct costs of materials furnished and Work performed up to the date of termination any additional compensation that City deems reasonable.

2.5.3 Termination for Lack of Appropriation

This Contract is subject to immediate termination in the event the City Council does not appropriate sufficient funds for this Contract.

Upon receipt of a notice of termination, Contractor shall: a) stop all Work unless directed otherwise; b) take such action to protect materials from damage; c) notify all subcontractors and suppliers that Contract is terminated; d) provide City with inventory list of materials previously produced, purchased or ordered and not yet used in the Work; e) dispose of all materials not used on the Work as directed by City; f) if directed by City, assign all rights and interests of Contractor under subcontracts or orders for the project; g) furnish any required documentation; and h) take any other actions as City may direct.

3. **CONTRACTOR'S RESPONSIBILITIES**

3.1 ***Responsibility for Damage; Indemnification***

Contractor shall be responsible for any loss or damage that may happen to the Work; for any loss or damage to any of the materials of other things used or employed in performing the Work; for injury to or death of any person (including but not limited to workers or the public) from any cause whatsoever; or damage to property from any cause whatsoever.

To the fullest extent permitted by law, Contractor shall indemnify, defend, and hold harmless City and City's members, officers, agents, employees and volunteers, from and against any and all claims, losses, liabilities of every kind, nature and description, damages, injury (including without limitation injury to or death of an employee of Contractor or subcontractors as well as any claim by any employee, agent, Contractor or independent contractor hired or employed by Contractor that such persons or individuals are entitled to any benefit otherwise provided to employees of the City, including coverage under the California Public Employee Retirement System), costs and expenses of any kind, whether actual, alleged or threatened, including, without limitation, incidental and consequential damages, court costs, reasonable attorneys' fees, litigation expenses, and fees of expert contractors or expert witnesses incurred in connection therewith and the costs of investigation, arising out of, pertaining to, or relating to, directly or indirectly, in whole or in part, the negligence, recklessness, or willful misconduct of Contractor, any subcontractor, anyone directly or indirectly employed by them or anyone that they control. This indemnification obligation is not limited in any way by any limitation on the amount or type of damages or compensation payable to or for Contractor. This obligation to indemnify and defend the City, its members, officers, agents, employees and volunteers shall survive termination of this Contract. Notwithstanding the foregoing, to the extent required by Civil Code section 2782, Contractor's indemnity obligation shall not apply to liability for damages for death or bodily injury to persons, injury to property, or any other loss, damage or expense

arising from the sole or active negligence or willful misconduct of the City or the City's agents, servants, or independent contractors who are directly responsible to the City, or for defects in design furnished by those persons.

3.2 Insurance

Contractor shall not commence Work under this Contract until it has provided evidence satisfactory to the City that it has secured all insurance required under **Exhibit B**, attached hereto and incorporated herein by this reference. In addition, Contractor shall not allow any subcontractor to commence work on any subcontract until it has provided evidence satisfactory to the City that the subcontractor has secured all insurance required under **Exhibit B**. Failure to provide and maintain all required insurance shall be grounds for the City to terminate this Contract for cause.

3.3 Payment of Taxes

3.3.1 Taxes Included

The lump sum and rates set forth in **Exhibit A** shall include full compensation for all taxes which Contractor is required to pay, whether imposed by Federal, State or local government, including, without being limited to, Federal excise tax. No tax exemption certificate nor any document designed to exempt Contractor from payment of any tax will be furnished to Contractor by City, as to any tax on labor, services, materials, transportation, or any other items furnished pursuant to the Contract. Contractor shall withhold and pay any and all sales and use taxes, withholding taxes, whether State or Federal, Social Security taxes, State Unemployment Insurance charges and all other taxes which are now or hereafter may be required to be paid or withheld under any laws.

3.3.2 Business Tax

Contractor has and shall maintain a current business license with City of Emeryville during the term of this contract. Contractor shall insert in each of its subcontract Contracts a provision which requires its subcontractors to present proof that the subcontractor has obtained a current business license with City of Emeryville during the term of this contract.

3.4 Permits and Licenses

Contractor covenants and declares that it has obtained all diplomas, certificates, licenses, permits or the like required of Contractor by any and all national, state, regional, county, city or local boards, agencies, commissions, committees or other regulatory bodies in order to perform the Work contracted for under this Contract. Contractor shall comply with all permits applicable to the Work. Contractor has and shall maintain the appropriate State Contractor's License, pursuant to [Chapter 9 of Division 3 of the California Business and Professions Code](#).

The [California Environmental Quality Act \(Public Resources Code, Section 21000 to 21176\)](#) may be applicable to permits, licenses and other authorizations which

Contractor must obtain from State or local agencies in connection with performing the Work of the Contract. Contractor shall comply with the provisions of that Act in obtaining such permits, licenses and other authorizations and they shall be obtained in sufficient time to prevent delays to the Work.

3.5 California Labor Code Requirements

- A. Contractor is aware of the requirements of [California Labor Code](#) Sections 1720 et seq. and 1770 et seq., which require the payment of prevailing wage rates and the performance of other requirements on certain “public works” and “maintenance” projects (“Prevailing Wage Laws”). If the Work is being performed as part of an applicable “public works” or “maintenance” project, as defined by the Prevailing Wage Laws, and if the total compensation is \$1,000 or more, Contractor agrees to fully comply with such Prevailing Wage Laws. Contractor shall defend, indemnify and hold the City, its officials, officers, employees and agents free and harmless from any claims, liabilities, costs, penalties or interest arising out of any failure or alleged failure to comply with the Prevailing Wage Laws. It shall be mandatory upon the Contractor and all subcontractors to comply with all California Labor Code provisions, which include but are not limited to prevailing wages (Labor Code Sections 1771, 1774 and 1775), employment of apprentices (Labor Code Section 1777.5), certified payroll records (Labor Code Sections 1771.4 and 1776), hours of labor (Labor Code Sections 1813 and 1815) and debarment of contractors and subcontractors (Labor Code Section 1777.1). The requirement to submit certified payroll records directly to the Labor Commissioner under Labor Code section 1771.4 shall not apply to work performed on a public works project that is exempt pursuant to the small project exemption specified in Labor Code Section 1771.4.
- B. If the Work is being performed as part of an applicable “public works” or “maintenance” project, then pursuant to Labor Code Sections 1725.5 and 1771.1, the Contractor and all subcontractors performing such Work must be registered with the Department of Industrial Relations. Contractor shall maintain registration for the duration of the Contract and require the same of any subcontractors, as applicable. Notwithstanding the foregoing, the contractor registration requirements mandated by Labor Code Sections 1725.5 and 1771.1 shall not apply to work performed on a public works project that is exempt pursuant to the small project exemption specified in Labor Code Sections 1725.5 and 1771.1.

- C. This Contract may also be subject to compliance monitoring and enforcement by the Department of Industrial Relations. It shall be Contractor's sole responsibility to comply with all applicable registration and labor compliance requirements. Any stop orders issued by the Department of Industrial Relations against Contractor or any subcontractor that affect Contractor's performance of Work, including any delay, shall be Contractor's sole responsibility. Any delay arising out of or resulting from such stop orders shall be considered Contractor caused delay and shall not be compensable by the City. Contractor shall defend, indemnify and hold the City, its officials, officers, employees and agents free and harmless from any claim or liability arising out of stop orders issued by the Department of Industrial Relations against Contractor or any subcontractor.
- D. Pursuant to the requirements of section 1860 of the California Labor Code, Contractor will be required to secure the payment of workers' compensation to his employees in accordance with the provisions of section 3700 of the Labor Code. By signing this Contract, Contractor certifies the following:
- "I am aware of the provisions of section 3700 of the California Labor Code which require every employer to be insured against liability for workers' compensation or to undertake self-insurance in accordance with the provisions of that code, and I will comply with such provisions before commencing the performance of the work of this contract."
- E. Failure by Contractor to comply with any provision of this Section shall constitute a default of this Contract and shall be grounds for termination as provided in this Contract.

3.6 Warranty

Contractor warrants that all materials and Work furnished (1) shall meet all requirements and conditions of City's Contract and manufacturer's warranty if any; (2) shall be free from defects in design, material; workmanship and methods of installation; and (3) shall be fit for the purposes intended. Work not conforming to these requirements, including substitutions not properly approved and authorized, may be considered defective and nonconforming. This warranty by the Contractor is in addition to any warranties or guarantees required or provided by the manufacturer or supplier.

Contractor shall correct the Work at its own expense promptly after written notice from City to do so and pay for any damage to other property resulting from such nonconforming Work. If Contractor fails to do so promptly, or in an emergency when delay could cause risk of damage or loss, then City take whatever actions are necessary to have the nonconforming Work removed, replaced or corrected at the expense of Contractor and to recover its damages, costs and expenses, including withholding the amount from any payment that is due or to commencing an action against any performance bond.

Nothing in this section shall be construed to establish a period of limitation with respect to other obligations that Contractor may have under these Contract Documents.

3.7 *Independent Contractor Status*

The Contractor hereby covenants and declares that it is engaged in an independent business and agrees to perform the Work as an independent contractor and not as the agent or employee of the City. The Contractor agrees to be solely responsible for its own matters relating to the time and place the Work is performed; the instrumentalities, tools, supplies and/or materials necessary to complete the Work; hiring of consultants, subcontractors, agents or employees to complete the Work; and the payment of employees, including compliance with Social Security, withholding and all other regulations governing such matters. The Contractor agrees to be solely responsible for its own acts and those of its subordinates and employees during the term of this Contract.

3.8 *Compliance with Laws*

All Work performed by Contractor under this Contract shall be in accordance with applicable federal, state and local requirements, including, but not limited to environmental laws and laws regarding disposal of hazardous wastes.

3.9 *Noncollusion Declaration*

By executing this Contract, Contractor declares that only persons or parties interested in this Contract are those named in Contractor's bid or proposal and that such bid or proposal was not made in the interest of or on behalf of any undisclosed person, firm or organization; that the bid or proposal was genuine and not collusive or sham; that the signatory to this Contract has not directly or indirectly induced or solicited others to put in a sham bid or proposal, or to refrain from bidding or proposing; and that the signatory to this Contract has not in any manner sought by collusion to secure for itself an advantage over other potential proposers.

3.10 *Conflicts of Interest*

Contractor covenants and declares that other than this Contract, it has no holdings or interests within the City nor business holdings or agreements with any official, employee or representative of City and shall disclose any such holdings or interests to City in writing.

3.11 *Discrimination Prohibited*

Contractor covenants and agrees that in performing the Work required under this Contract, Contractor shall not discriminate against any person on the basis of race, color, religion, sex, sexual orientation, gender identity, marital status, national origin or ancestry, age or disability, except as provided in section 12940 of the Government Code.

Any such bond must be issued by a corporate surety which is an admitted surety insurer in the State of California. Any bond signed by an agent must be accompanied by a certified copy of such agent's authority to act. If the surety on any bond provided by Contractor is declared bankrupt or becomes insolvent or its right to do business is terminated in any state where any part of the work is located, Contractor shall, within seven (7) days thereafter, substitute another bond and surety in accordance with the requirements set forth herein. Any alteration or alterations made in the Plans and Specifications which are a part of this Contract or in any provision of this Contract shall not operate to release any surety from liability on any required bond and the consent to make such alterations is hereby given. Any surety on such bonds hereby waives the provisions of Section 2819 of the Civil Code.

3.13 City Labor Requirements

- A. As of the Effective Date, compliance with the City's living wage ordinance is required / not required for this Contract. If this Contract provides for compensation to Contractor of \$25,000 or more within a single fiscal year for providing services to the City, then Contractor shall comply with the requirements of the City's Living Wage Ordinance set forth in [Chapter 31 of Title 5 of the Emeryville Municipal Code](#), unless (i) Contractor is a governmental entity, (ii) this Contract is subject to a higher prevailing wage rate as defined in the California Labor Code, or (iii) this Contract is subject to federal or state laws or regulations that would preclude the application of the City's laws. In the event that compliance with the Living Wage Ordinance is not required, the Contractor may still be required to comply with the City's Minimum Wage, Paid Sick Leave, and Other Employment Standards Ordinance as set forth in [Chapter 37 of Title 5 of the Emeryville Municipal Code](#), to the extent it is applicable.

- B. Compliance with the Living Wage Ordinance, if applicable, shall be required during the term of the Contract for all employees of Contractor who perform at least twenty-five percent (25%) of the work arising from this Contract, unless said employees are otherwise exempt from the application of the Living Wage Ordinance pursuant to [Section 5-31.08 of the Emeryville Municipal Code](#). Contractor shall promptly provide to the City documents and information verifying compliance with the requirements of the Living Wage Ordinance within ten (10) working days following a written request for such documentation and information from the City.
- C. Failure to comply with the Living Wage Ordinance provides that a person claiming a violation thereof may bring an action against Contractor for back pay, reinstatement and compensatory damages, as well as a penalty up to three times the amount of damages for a willful violation, plus reasonable attorney's fees and costs. In addition, the City may terminate the Contract and pursue any other remedies available to the City, including debarment, for violations of the Living Wage Ordinance.
- D. Contractor shall notify each of its affected employees with regards to wages that are required to be paid pursuant to this Contract. "Living Wage" means no less than **\$16.20 PER HOUR** (which is [subject to increase annually on July 1st](#) to reflect the twelve-month average increase to the Consumer Price Index for all urban consumers in the San Francisco-Oakland-San Jose Metropolitan Statistical Area for the preceding year from May to April, not to exceed three percent (3%) in any one year) including wages and health benefits. If employer contributions for health benefits are not paid on an hourly basis, the employer must demonstrate to the City the hourly value of such benefits in order to receive credit for such payments to covered employees.
