

Emeryville Police Managers Association

Petition to Form An Employee Organization

This petition is directed to City of Emeryville employees who work in two (2) specific job classifications, which are the police lieutenant and police captain positions. This petition is to form the Emeryville Police Managers Association to represent the police lieutenant and captains positions. This petition also will support the employees who work in the lieutenant and captains position to leave the CAMP employee organization if/when at such time the EPMA employee organization is recognized by the City of Emeryville Board of Directors of the Management of Emeryville Services Authority.

If you support the petition described above to form the Emeryville Police Managers Association and if/when upon recognition support separating from the CAMP employee organization representation.
