

## Examples of Potential Uses of Curb Space

### Curb Extensions for Active Uses

1. Parklets
2. Artlets
3. Side walk cafes
4. Curb extensions at crosswalks
5. Curb widening
6. Bus bulb-outs
7. Bike share

### Green infrastructure

8. Permeable paving/passive storm water treatment
9. Planters
10. Rain gardens
11. Tree bulb-outs
12. Bike corrals
13. Bike repair
14. Electric Vehicle charging

### Through Lane to Promote Modal Shift /Green Infrastructure

15. Protected bike lanes
16. Standard bike lanes
17. Transit lanes (by time)
18. Transit lanes permanent
19. Turning or sight line preservation (use restrictions)
20. Street cleaning
21. Emergency vehicle by-pass
22. Autonomous vehicle Infrastructure (RFI chips)

### Temporary Vehicle Stops

23. Transit stops
24. Shuttle stops
25. Drop off and loading for cars for hire
26. Delivery and pickup of goods
27. Trash and recycling collection

### Vehicle storage

28. Taxi parking
29. Rideshare parking
30. Paid parking
31. Free parking
32. Permitted parking
33. Handicapped parking
34. Bus layovers
35. Autonomous vehicles self-parking (Infrastructure)
