☐ Yes☒ No

Please list all past and current City of Emeryville advisory boards.

None

Please list any past and current board, commission or committee memberships outside of Emeryville.

None

Please list all organization memberships and positions held.

None

Please list any relevant work and volunteer experience.

I am a dynamic operator and leader with 10+ years of experience managing projects and teams across diverse, fast-paced industries including tech-mobility startups and live entertainment. I am a relentless strategist who enjoys turning data into actionable insights, and those insights into inspiring strategies. A genuine collaborator, I understand that achieving lofty goals is dependent on the ability to execute flawlessly within and across teams.

I currently volunteer independently in Emeryville, where I pick up trash along the Emeryville Bike Path and Hollis Doyle Park every week. In 2025, I have picked up and disposed of over 50 bags of trash, with a goal of reaching 200 bags in 2025.

Why are you interested in serving on this Board, Commission or Committee?

I am interesting in getting more involved in local committees, contributing more to the future and growth of Emeryville. I recently purchased a townhome in Emeryville, and want to feel more connected to and invested in the community here. I feel my background in business operations, and my interest in sustainability, sports, and clean, natural environment lends itself well to the Parks and Recreation Committee. I would like to lend my skills and enthusiasm to improving life in Emeryville for all residents and visitors.

How do you think your unique lived experience will benefit or inform the Committee's recommendations?

Growing up in West Roxbury, MA, I was lucky to live near a couple of great local parks - with jungle gyms, basketball courts, baseball diamonds, and hills for sledding. I played there safely year-round with my older brother and sister. I joined the local community Swimming, Soccer and Track teams, making friends with other kids in my neighborhood and playing sports through childhood. These were formative experiences for me, as I later became a D1 athlete. I understand how fortunate I was to grow up in a small suburb outside of Boston that had these local resources and event spaces for children and adults, and would like to work on the Parks and Recreation committee to work to ensure similar opportunities for local residents here in Emeryville.

PLANNING COMMISSION APPLICANTS ONLY

Please provide a short (300 words or less) statement discussing your ideas and attitudes about planning in Emeryville. Please consider issues such as traffic, industrial and commercial development density, affordable housing, maintaining community diversity and jobs/housing balance.

CARLIN DACEY

EDUCATION

University of California, Berkeley, Haas School of Business, Berkeley, CA **2022**
Master of Business Administration: Certificates in Business Analytics and Corporate Sustainability

Northwestern University, Evanston, IL **2012**
Bachelor of Science: Major, Communication; Minor, English

EXPERIENCE

Uber Eats, \$20B on-demand food delivery company, San Francisco, CA **Feb 2025-Present**
Senior Strategic Operations Manager

- Shape Merchant Operations strategy, leading high-impact projects and experiments to drive growth and efficiency
- Analyze sophisticated data, build models, and aggregate insights to drive key business decisions and policies
- Partner closely with Product, Territory Operations, Finance, Marketing, Tech, and Customer Support teams to execute key priorities and measure results across the platform

Kyte, Series C rental car start-up, San Francisco, CA **2022-2024**

General Manager, West Coast (2023-2024); Market Manager, San Francisco (2022-2023)

- Led West Coast Markets team of 20+ full-time operations managers and fleet coordinators, supervising fleet of ~1,600 gas and electric vehicles; directed Operations for 2-sided marketplace of customers and 500+ gig “Surfer” drivers
- Owned P&L for 7 markets that reached ~\$18M in revenue for FY ‘24; scaled revenue, operations and costs pre and post Series B, enabling a \$60M Series B fundraise and \$250M in asset debt financing
- Spearheaded pilot and development of a new product category, Pick Up At Lot, resulting in ~80% increase in first time customers and capturing ~35% of overall Kyte business within 1 year; allowed for upsell opportunity of premium delivery
- Managed contracts and relationships with national parking vendors worth \$2M+/year; personally acquired leases with municipal transportation agencies leading to savings of \$350K/year despite 20% YoY increase in fleet size
- Proposed and implemented an in-app Damage Checklist; collaborated with cross-functional teams to standardize inspection, reporting, and claims processes, reducing total unrecoverable damage/day by 255%, saving ~\$550K/year
- Cut Operations cost/trip by 40% YoY, while driving success metrics like defect rate and out of service % to all-time lows

SPIN, micro mobility subsidiary of TIER Mobility, San Francisco, CA

2021

Business Operations and Technology MBA Intern

- Parachuted into struggling cross-functional Demo Task Force as Project Manager for critical city demonstrations; oversaw 18 demonstrations in 3 months, increasing city contract success rate from 50% to 100%
- Conducted SWOT analysis for Demo Task Force, evaluating current capabilities and proposing timely, realistic and objective hiring recommendations that would drive the team’s efficiency and ability to scale operations
- Analyzed fleet logistics of 80+ EVT and DVT e-scooters, revamped processes for tracking and positioning fleet prior to demonstrations, increasing Spin’s capacity to seek government operational approval and subsequent speed to market
- Pinpointed and resolved operational growing pains in fledgling partnership with mobility AI firm Drover, increasing their IoT module’s uptime so it accurately provided sidewalk riding detection and parking validation during demonstrations
- Interviewed 10+ Hardware Engineers to distill complex Drover algorithm training data into straightforward technical playbooks; presented SOPs to people of all levels from Operations Leads to Business Development VPs

Jimmy Kimmel Live!, ABC’s late-night talk show, Hollywood, CA

2016-2020

Special Projects Coordinator (2019-2020); Special Projects Assistant (2016-2019)

- Negotiated transportation logistics with 15+ agents per week for A-list talent and musical guests; saved show \$30K+ per season by successfully upholding studio-wide policies during high pressure exchanges and tight deadlines
- Created relocation strategy for 275 staff & crew to Brooklyn (2017, 2018, 2019) and Las Vegas (2019); prioritized and streamlined information directly to managers in 20+ departments to facilitate two concurrent production schedules

The Second City, improvisational theater company, Chicago, IL

2013-2015

Executive Assistant to Executive Vice President (2015); Event Coordinator (2014); Production Intern (2013)

ADDITIONAL

- *Skills:* advanced Microsoft Office (+ Analytic Solver); SQL; Airtable; Mode; Smartsheet; PilotWare; SAP Concur; Slack
- *Interests:* avid WNBA and NWSL fan, vanilla chai tea enthusiast, doting canine parent

Please list any relevant work and volunteer experience.

Mentoring startups in IoT, consumer electronics, and product strategy.

Industry Speaker & Panelist – Regularly contribute insights on IoT and smart home trends.

Why are you interested in serving on this Board, Commission or Committee?

I am interested in serving on the Parks and Recreation Board/Commission/Committee because I am passionate about enhancing community spaces and ensuring that parks and recreational programs remain accessible, innovative, and engaging for all.

With a background in business development, technology, and consumer engagement, I bring a strategic mindset that can help improve planning, funding, and technology integration in parks and recreation initiatives. As an advocate for active lifestyles, outdoor recreation, and community-driven spaces, I believe in the importance of creating environments that promote well-being, inclusivity, and sustainability.

I am eager to contribute my experience in strategic planning, partnerships, and program development to support efforts that enhance parks, trails, and recreational facilities. Whether through technology-driven solutions for smart parks, fostering public-private partnerships, or engaging the community, I hope to help drive initiatives that benefit residents today and for future generations.

How do you think your unique lived experience will benefit or inform the Committee's recommendations?

My unique lived experience—both professionally and personally—gives me a well-rounded perspective that can contribute meaningfully to the Committee's recommendations.

As a business leader with decades of experience in technology, product development, and strategic planning, I understand how to balance innovation with practical implementation. This can help the Committee explore ways to integrate smart technology, sustainability initiatives, and community engagement strategies into parks and recreational spaces. Whether it's enhancing accessibility, improving infrastructure, or leveraging public-private partnerships, my expertise can support informed decision-making.

On a personal level, as an avid runner and outdoor enthusiast, I have firsthand experience with how well-maintained parks, trails, and recreational programs enhance community well-being. I understand the importance of designing spaces that are not only functional but also inclusive, enjoyable, and aligned with the needs of diverse residents.

Additionally, having raised a family, I appreciate the role that parks play in fostering intergenerational connection—from playgrounds for children to fitness areas for adults and serene spaces for seniors. This perspective can help ensure that recommendations are community-centric, forward-thinking, and practical.

I am excited about the opportunity to contribute my insights and collaborate with others to enhance our parks and recreation offerings for future generations.

Senior Consultant at BlueConnect Partners

San Francisco Bay Area

Summary

Innovative Executive | 30+ Years in Consumer Electronics | Driving Growth in Product, Business Development & Sales

Expertise in Connected/Digital Home, Go-to-Market Strategy, & Managed Services

Experience

BlueConnect Partners

Senior Consultant

April 2020 - Present (5 years 1 month)

San Francisco Bay Area

Sovereign Media Group

Principal

June 1993 - Present (31 years 11 months)

San Francisco Bay Area

MiOS Ltd.

SVP Product & Innovation (acquired by eZLO Innovation)

November 2011 - November 2018 (7 years 1 month)

Determine the product strategy and positioning, together with the Engineering and Sales Directors, monitoring industry developments closely and translates these into the overall product strategy.

Responsible for collecting market data from internal and external sources, for analyzing the data, and for producing quantitative analysis covering market size, growth rate, profitability, industry cost structures, distribution channels, market trends, competitor information, and key success factors.

Analyze competitive product offerings, internalize market dynamics, prioritize customer needs and translate that into a tactical roadmap for the sales team.

Oversee the Product Management Team in the collection, generation and exploitation of ideas for comprehensive product delivery.

Ensure customer and other feedback is prioritized and incorporated into market and product requirements.

Develop ongoing marketing, positioning and communications strategy for customers and partners that differentiate our offerings.

Work collaboratively across Engineering, Marketing, and Sales groups to secure buy-in and drive issues to resolution that impact product management, development, sales, support, pricing, etc.

Manage annual budgeting and planning processes.

Develop necessary financial models.

Serve as key liaison with other teams (e.g., regulatory, sales, legal, engineering, etc.) and projects.

Atlona Technologies

General Manager, Atlona Home

December 2010 - November 2011 (1 year)

Sunnyvale, California

Responsible for architecting and articulating the overall strategic direction of the Atlona Home business unit, while providing clear direction and guidance to cross-functional teams and departments throughout the company to support those efforts.

Create, manage, and consistently update a category business plan consisting of a perennial product roadmap, a product lifecycle management plan, and a market and technology assessment.

Regularly communicate product plans and objectives to all necessary internal and external constituents.

Serve as a key category and subject matter expert both internally and externally.

Maintain professional relationships and drive objectives with external partners such as suppliers, technology alliances, manufacturers, customers, and others.

ENGINEERING – define product specifications, proactively manage the product lifecycle (cradle to grave), and provide detailed guidance on release requirements, action items and deliverables as they pertain to product specification and design, engineering, project management, and quality assurance standards.

FINANCE – develop accurate profitability, cost analysis, and financial planning models while maintaining full P&L responsibility for the division.

MARKETING – develop product launch plans, packaging, POP, and ongoing promotions and product revitalization campaigns to drive sales of both new and existing products.

MERCHANDISING – develop effective pricing and product positioning plans, appropriately aligned to the product lifecycle and retail partnerships.

SALES – direct national sales manager, account managers and order entry staff to ensure the development and successful execution of retail and distribution focused sales strategies.

Niveus Media, Inc.

Sr. Director of Managed Services

July 2008 - December 2010 (2 years 6 months)

Fremont, California

Responsible for the conception and deployment of “White Glove Service”, an innovative solution of hardware pre-configuration coupled with subscription based remote monitoring and management of media and storage servers.

Significantly reduced operational costs of the support department while increasing overall profitability via new recurring monthly revenue stream.

Worked directly with the executive team on overall sales strategy, planning and execution while personally managing 70% of the top revenue generating accounts (including Watermark Estate Management and BGC3).

Hired, developed and managed internal sales team at corporate headquarters to aggressively support our dealer base within the CEDIA/Custom Install channel, while expanding into new Marine and Aviation verticals.

Created sales campaigns and demand generation activities to drive dealer and end user interest, while leveraging NetSuite to set objectives, track progress, generate the necessary performance metrics to accurately manage results.

Directed rep network's in field efforts to properly identify, recruit, and incubate new dealers that align with overall brand image and end user demographics.

Spearheaded business development and launch approval of proprietary SIRIUS Internet Radio plugin for Windows Media Center in Windows 7.

Monster Cable Products, Inc.

Sr. Product Category Manager, Digital Home Group

February 2001 - July 2008 (7 years 6 months)

Brisbane, California

Managed the Digital Home Group, tasked with vetting new and emerging technologies and incubating or productizing them for inclusion into Monster's expansive 5000+ product portfolio.

Full P&L responsibility for the following categories; Monster SIRIUS Satellite Radio, Monster Central Controllers, Monster IlluminEssence Lighting, Monster Digital Life, Monster Photo, Monster Marine, and Monster Performance Car.

Worked directly with the board of directors on development and execution of annual strategic sales plans and product roadmaps, targeting the Media Server, Home Control, Lighting and CEDIA/Custom Installation market segments.

Executed strategic partnership with Digeo, Inc. embedding their Emmy Award winning Moxi media center experience in Monster PowerCenters.

Directly responsible for all digital content partnerships, including Netflix, SIRIUS Internet Radio, Rhapsody, Music Giants, etc.

Delivered executive level sales presentations with key retailers (BBY, CCS, TGT, etc.); including extensive domestic and international travel.

Corporate Subject Matter Expert for the connected/digital home market, directly supporting the CEO at industry functions and corporate meetings.

Speaking engagements at various industry events and panels in support of the connected/digital home channel.

The Lottery Channel

Operations Manager

January 2000 - February 2001 (1 year 2 months)

Boca Raton, Florida

Directed operations for the country's premier lottery data provider generating annual revenues in excess of \$2mm per year.

Responsible for a staff of +130 direct sales, customer support and IT employees at 3 branch locations across the county.

Directly accountable for the architecture, procurement, and installation of our primary datacenter necessary to deliver and maintain a 99.9999% uptime in servicing all national and international clients.

Launched an online partnership program, yielding 80 additional worldwide outlets for our services, viewed monthly by more than 30 million consumers.

LottoNet New Media Services (acquired by The Lottery Channel)

National Sales Manager (acquired by Lottery.com)

April 1999 - January 2000 (10 months)

Fort Lauderdale, Florida

Managed data feed sales of the national lottery results to various print and web based clients.

Signed and retained key, high visibility accounts such as AOL, MSN, USA Today, and Yahoo.

Increased sales from \$5k to well over \$200k per month in less than 6 months.

Negotiated annual contracts in excess of \$120k.

Brokered sale of the company to The Lottery Channel in January of 2000.

Sound Advice

Mobile Electronics Manager
May 1995 - April 1999 (4 years)
Fort Lauderdale, Florida

Managed a high-end retail electronics showroom specializing in automotive, marine, and custom theater installations with a staff of 20-30 sales and install representatives generating annual revenues exceeding \$5mm.

Transformed the lowest performing location in the 24 store chain to become the #3 in sales volume, #1 in growth, and #1 in profitability in less than one year.

Piloted what went on to become a multimillion dollar companywide rollout of Winntech showroom renovations.

Top 10 Salesperson, year over year.

Certified IASCA Judge. Certified MECP Proctor.

Benjamin Cyclery
Store Manager
June 1994 - May 1995 (1 year)

Managed multimillion dollar retail cycling and fitness equipment operation with a staff of 16-20 sales representatives and service personnel.

Implemented weekly sales quotas by utilizing data from point of sale computers, customized for each member of the sales team, resulting in a 13% average increase in individual sales.

Supported buying team with product mix, inventory levels and returns while coordinating inter-store logistics with 3 additional satellite locations.

Effectuated new purchasing policies that significantly increased overall GM while decreasing vendor returns.

Schwinn Presidents Club, Top 25 Trek Dealer, Best of Southwest Florida, BDS
Top 100 Dealer

Professional Facilities Management
Box Office Supervisor
April 1993 - June 1994 (1 year 3 months)
Fort Myers, Florida, United States

Directed workflow, supervised and trained staff of 6 in sales, cashiering and retail transactional problem solving for ticketing operation generating revenues in excess of \$5mm annually.

Achieved 17% increase in telephone sales close-ratios and grew season ticket-holder retention by 11%.

Full responsibility for negotiating major, multi-event ticketing agreements.

Please list any relevant work and volunteer experience.

As a project manager, I bring strong organizational skills, clear communication, and a results-driven approach to leading the Parks and Recreation Committee meetings. I am experienced in coordinating diverse teams, managing timelines, and balancing multiple priorities – all essential to planning and executing successful community projects. My leadership ensures that ideas are turned into actionable plans that benefit the entire community.

Why are you interested in serving on this Board, Commission or Committee?

Continuing my efforts to improve the parks of Emeryville. Focusing on creating clean and safe spaces for all. Listening and learning from feedback given by the community.

How do you think your unique lived experience will benefit or inform the Committee's recommendations?

As a long-time park-goer, dog owner, former renter, and now homeowner in Emeryville, I bring a wide perspective on how parks and community spaces impact different members of our city. Growing up enjoying East Bay Parks, I understand firsthand how essential parks are for the healthy development of young people and for providing outdoor spaces to those without private yards. Emeryville's unique challenge – serving a population largely living in condos and apartments – makes the need for accessible, clean, and abundant greenspace even more critical. My lived experience informs my commitment to creating and maintaining vibrant parks, gardens, and pathways that help foster a strong, happy, and connected community.

Please list any past and current board, commission or committee memberships outside of Emeryville.

[REDACTED]

Please list all organization memberships and positions held.

Please list any relevant work and volunteer experience.

Why are you interested in serving on this Board, Commission or Committee?

I have been serving on this community's boards for six years now, having lived in Emeryville for only four years and the East Bay for six at the time I started. As I have taken on more roles and deepened my understanding of this city's built environment, a great deal of turnover has occurred in our city's leadership. The City Council which first voted me onto the Housing Committee have all moved on. The Planning Commission has almost entirely turned over just since I joined it, as has the BPAC. Our City staff have also seen leadership changes from the top down, with those veteran employees who remain with us offering crucial continuity.

I would like to continue to serve in part because I have acquired relative seniority in my short time, and as such can offer some small continuity myself. But I have also put years of ongoing work into studying our community's built environment at an intricate level and developing a vision for what it could be, just a little around the corner from our current planning documents. As we now consider developments of generational importance in Emeryville, I would like to continue to bring my perspective and do my part to help us be a proud city which is always ambitious in its pursuit of the public good.

How do you think your unique lived experience will benefit or inform the Committee's recommendations?

I have lived a diverse and sometimes tenuous life, in places as different from each other as rural Montana and urban Hawaii. I am from Southern California but came back here to the Bay after a circuit of life experience that meant sometimes risking my life in a very real and palpable way commuting to work, and risking my life in a very theoretical and never-actualized way when I volunteered to serve the military while we were fighting two active wars. In the vast distances between these points, I have seen a lot.

But what I have seen that motivates me more than anything were the realities of growing up in poverty. Emeryville is a fine community full of good-hearted people, but only so many both have the opportunity to serve on these boards and share the experiences of the working poor we are surrounded by, and whose lives our decisions impact. The Emeryville I know is investing in a future where working class families have what they need to stabilize, thrive, and enjoy the community they live in. I aim to use my voice to continue that, because the places and ways that I have lived give me a deep appreciation for what we are and can be.

PLANNING COMMISSION APPLICANTS ONLY

Please provide a short (300 words or less) statement discussing your ideas and attitudes about planning in Emeryville. Please consider issues such as traffic, industrial and commercial development density, affordable housing, maintaining community diversity and jobs/housing balance.
