Dear Chief Jennings:

The Sheriff's Office intends to apply for the **FY2022 Byrne Justice Assistance Grant (JAG) Local** program on behalf of the eligible Alameda County cities and the county in order to recover this revenue for our respective agencies for the eighteenth (18th) consecutive year. The United States Department of Justice (USDOJ) consolidated the Byrne Memorial Grants and Local Law Enforcement Block Grants (LLEBG) in 2004 to create the Edward J. Byrne Memorial Justice Assistance Grant (JAG) Program.

The federal JAG program is divided into two allocations, a *state allocation* and a *local allocation*. The state may distribute its allocation as they see fit, but the local allocation is distributed to eligible units of local government in predetermined, suggested amounts. Our county qualifies for a total allocation of **\$693,444** in FY2022 Byrne JAG Local funds, which may only be used by agencies to fund any one or more of the following areas: local initiatives, technical assistance, training, personnel, equipment, supplies, contractual support, and information systems for criminal justice, as well as research and evaluation activities that will improve or enhance law enforcement programs related to criminal justice.

Favorable features of our JAG Local awards include: a four-year funding span for awards over \$25,000; no agency matching funds required; and a maximum 10% administrative fee using the reimbursement fiscal accounting method. However, the USDOJ timeline to apply for our FY2022 JAG Local grant is extremely tight. **Our application must be submitted to the USDOJ's Bureau of Justice Assistance (BJA) by August 8, 2022, so I will need your information and signed documents by Monday August 1, 2022.** If we fail to submit a completed application by the deadline, funding will not be awarded.

BJA has developed joint application groups with regard to their application process that consolidate certain cities and counties. Alameda County's geographical boundary is the criteria for our particular Byrne JAG Local joint application group, pairing the eligible cities of Alameda, Berkeley, Emeryville, Fremont, Hayward, Livermore, Oakland, San Leandro, and Union City with the County of Alameda. BJA has determined the other five cities in our county (Albany, Dublin, Newark, Piedmont, and Pleasanton) are ineligible for the FY2022 JAG Local Grant because they did not fall within the federal government's predetermined population and crime rate criteria. BJA has mandated only one application can be submitted from our group and the application must represent all eligible members. For this reason, we must once again apply for this year's JAG Local Grant as a consortium.

My staff has developed a proposal to move forward with a grant application that allows all eligible members to receive their allocated share of the award. An attached, estimated equity sharing proposal has been outlined, whereby all listed members will receive their federally-predetermined allotment of available funds, less a 10% fee to fund the Sheriff's Office efforts associated with grant administration, application filing, and financial and auditing services. I am requesting your support for this proposal so that as many of our agencies as possible can continue to benefit from the Byrne JAG Local funding.

Our proposal includes the development of a necessary addendum to our annually renewed Memorandum of Understanding (MOU) plus the federal Certification of Compliance form which must both be signed by your "Chief Executive Officer" before award monies will be allocated to your agency. All eligible members must have their City Manager/City Administrator agree to and sign both the MOU addendum and the Certification of Compliance declaring their acceptance of the joint application and the terms therein. To expedite the application process, the addendum to the MOU and the Certification are attached and will be formally presented for your review and acceptance at the next Alameda County Chiefs of Police and Sheriff's Association (ACCOPSA) meeting. Our common goal is to ascertain an agreement on the addendum to our MOU and the Certification promptly to have the documents expeditiously signed by your City Manager/City Administrator, as required by BJA. Your city's signed MOU and Certification must be received, if possible, by my Grant Coordinator no later than **Monday August 1, 2022** (color-scanned, blue-ink signatures are preferred).

I am also asking your agency to email my Grant Coordinator, Harry Bruno, (HBruno@acgov.org), with a paragraph-sized description of what you intend to do with your FY2022 JAG Local funds and your budget worksheet within the next two+ weeks. The final page attachment to this letter is a copy of your actual FY2021 JAG Local request and budget worksheet format. Please note BJA is discontinuing the budget special condition/requirement begun in FY2018 that 3% of each agency's total grant allocation must be set aside and dedicated toward the agency achieving full compliance with the FBI's National Incident-Based Reporting System (NIBRS) data submissions requirements under the Uniform Crime Reporting Program. These requests and budget descriptions form the basis of our total request for funds. Your attention to this detail will allow my staff the time necessary to complete all the required application documentation and meet the impending deadline for submission.

Finally, this year's FY2022 JAG Local Solicitation is following last year's handling of the "sanctuary" question that had been present in the application process since the FY2017 JAG Local solicitation. The FY2022 Solicitation maintains the elimination of the requirement that each recipient must provide answers to a series of questions related to "sanctuary city/county/state" issues. If you have any other questions/concerns, please do not hesitate to contact my Grant Coordinator.

Thank you!

Sincerely,

Gregory J. Ahern
Sheriff – Coroner

City of Emeryville:**Summary**

The \$12,199 Byrne JAG Local Grant awarded to the Emeryville Police Department for FY2021 after subtracting the Sheriff's Office 10% administrative fee for grant administration (\$1,219.90) and the mandated 3% NIBRS Set-Aside (\$365.97) totals **\$10,613.13**. The Emeryville Police Department (EPD) will use the grant funds for unfunded materials, specifically conducted energy devices (Taser). This will assist in ensuring EPD our patrol officers are equipped with appropriate De-escalation tools and less than lethal options when managing incidents.

Description of Use of Funds

Policing today is a complex service that more than ever requires policing staff to have the skills and equipment necessary to manage incidents with uncooperative individuals. The conducted energy device provides patrol officers with a less than lethal option when encountering volatile situations.

This request for approximately six (6) conducted energy devices (Taser) to be used by the Emeryville Police Department patrol officers and supervisors. Once approved, this equipment will be appropriately procured and put into service within a short timeframe. Having this equipment in service for the officers and supervisors use will greatly benefit our efforts to prioritize de-escalation techniques and reduce the likelihood of a lethal force encounter with our officers.
