

**ORDINANCE NO. 17-**

**AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF EMERYVILLE AMENDING THE PLANNING REGULATIONS IN TITLE 9 OF THE EMERYVILLE MUNICIPAL CODE TO ADD ARTICLE 22 TO CHAPTER 5 CONCERNING STANDARDS FOR CANNABIS-RELATED ACTIVITIES AND TO MAKE OTHER RELATED MODIFICATIONS TO THE PLANNING REGULATIONS; CEQA DETERMINATION: EXEMPT PURSUANT TO CEQA GUIDELINE SECTION 15061(b)(3)**

**WHEREAS**, the City of Emeryville has prohibited activities related to cannabis since 2006 (Emeryville Municipal Code Title 5, Chapter 28, "Marijuana"), and on January 19, 2016, the City Council adopted an urgency ordinance and introduced a regular ordinance re-affirming the City's prohibition; and

**WHEREAS**, on March 15, 2016, the City Council held a study session focusing on medical cannabis and provided direction to staff to prepare regulations that allow personal cultivation of cannabis for patients or their primary caregivers, manufacturing and testing of medical cannabis and related products, and a dispensary for medical cannabis; and

**WHEREAS**, since the City Council direction, Proposition 64, the Adult Use of Marijuana Act ("AUMA"), a voter initiative that allows cultivation, manufacturing and retail sale of cannabis and cannabis-related products for recreational purposes, was passed on November 8, 2016; and

**WHEREAS**, Proposition 64 allows each residence to cultivate six cannabis plants for personal use, subject to any reasonable local regulations, and allows local jurisdictions to prohibit commercial cannabis activity, e.g., to prohibit the land uses of cultivation, manufacturing, testing, distribution and retail sale; and

**WHEREAS**, although the City Council was aware that Proposition 64 would be on the November 2016 ballot at the time of its March 2016 study session, the City Council did not provide any explicit direction on regulations for recreational cannabis, but, instead, indicated only that they may be open to allowing recreational cannabis commercial activities if the proposition were to pass; and

**WHEREAS**, the Planning Commission held a duly and properly noticed public hearing on December 8, 2016 and then approved and recommended adoption of the proposed Ordinance; and

**WHEREAS**, the City Council held a duly and properly noticed public hearing on March 21, 2017 and considered the proposed Ordinance; and

**WHEREAS**, the City Council finds that land use impacts of medical and recreational cannabis are the same and therefore no separate use classifications or regulations are necessary; and

**WHEREAS**, the City Council has reviewed and considered the staff report and attachments thereto, all public comments, and the proposed Ordinance and the applicable provisions of the Emeryville Municipal Code (“the Record”);

**NOW, THEREFORE, THE CITY COUNCIL OF THE CITY OF EMERYVILLE DOES HEREBY ORDAIN AS FOLLOWS:**

**SECTION ONE. REQUIRED FINDINGS FOR ADOPTING ORDINANCE**

The City Council of the City of Emeryville makes the following findings as required by Emeryville Municipal Code Sections 9-7.1305:

- (a) The proposed amendment is consistent with the General Plan.

**The proposed amendment to the Zoning Ordinance to add a new article pertaining to cannabis-related activities and to make related modifications to the Planning Regulations would be consistent with the following provisions of the General Plan:**

**Goal PP-G-8: A safe, nurturing, and enriching environment, and Goal CSN-G-1: Public health. Cannabis Sales activities are anticipated to have characteristics similar to Tobacco Sales activities, and are regulated similarly. Cannabis Manufacturing activities are anticipated to have characteristics similar to Pharmaceutical Manufacturing activities and are regulated similarly. The proposed amendments restrict the location of retail sale of cannabis products from the vicinity of sensitive uses including schools, religious institutions, and parks; add performance standards for cultivation of cannabis plants that are permitted by State law; and regulate manufacturing of cannabis products to a level similar to pharmaceutical products.**

- (b) The proposed amendment is necessary for public health, safety, and general welfare or will be of benefit to the public.

**The proposed amendment to the Planning Regulations will protect the public health, safety, and general welfare and will be of benefit to the public by establishing appropriate locational criteria and standards for cannabis-related activities.**

- (c) The proposed amendment has been reviewed in compliance with the requirements of the California Environmental Quality Act.

The proposed amendment to the Planning Regulations has been determined to be exempt from environmental review under the “general rule” at Section 15061(b)(3) of the State CEQA Guidelines because it can be seen with certainty that there is no possibility that the proposed amendment may have a significant effect on the environment. Medicinal and recreational Cannabis Sales activities are anticipated to have characteristics similar to Tobacco Sales activities, and medicinal and recreational Cannabis Manufacturing activities are anticipated to have characteristics similar to Pharmaceutical Manufacturing activities. Both are expected to generate a negligible amount of vehicle trips, and any potential impacts on air quality, light and glare, liquid or solid waste, noise, odor, and vibration will be addressed through adherence to the existing Performance Standards in Article 11 of Chapter 5 of the Planning Regulations. In addition, the proposed Standards for Personal Cultivation would address any potential impacts of this accessory use.
