"Planning Commission Applicants Only" A short (300 words or less) statement discussing your ideas and attitudes about planning in Emeryville. Please consider issues such as traffic, industrial and commercial development density, affordable housing, maintaining community diversity and jobs/housing balance.

I am presently a member of the Committee, serving as, in part, liaison with the city's Finance Advisory Committee where I serve as a resident member and chair. I would like to continue this service.

I support balanced development and a livable, diverse city. We need to work at attracting both large and small businesses, to develop vital neighborhoods, and to keep our transportation networks both functional and free-flowing. Our affordable housing stock needs constant attention. And as we pursue these goals, we need to be fully aware of the need to keep our General Fund robust in this post-Redevelopment Agency era.
