**Why are you interested in serving on this Board, Commission or Committee?**

Working in Emeryville has been a great pleasure for me the past 12 months. Learning about how this thriving City has grown and changed, then being a part of its continued growth and change is a great thrill for me personally since I spend so much time here. I have a vested interest in helping to ensure the success of the City as a whole, its residents, the people who work here, and the businesses that help to make it a better place to live, work and play. While this is one leg on a stool with many legs, both public and private, we should all do what we can to keep it strong and keep it standing. I would like very much to add value to this group and ultimately to our community.
