SUBJECT: In the Matter of the Appeal From Notice and Order of Intention to Demolish Property Owned by Andre Carpiaux, 1264 Ocean Avenue, Emeryville CA (APN 049-1469-008); Case No. ADBC 15-001

RECOMMENDATION

Please forward this report to the City Council for the City of Emeryville as soon as possible so the City Council may consider this report and whether to assess the subject property with the costs of abatement.

BACKGROUND

Abatement Proceedings

On July 30, 2015, the Chief Building Official for the City of Emeryville issued a Notice and Order regarding violations of the Uniform Code for the Abatement of Dangerous Buildings at 1264 Ocean Avenue, Emeryville, CA ("**Property**"), and ordering the property owner to abate the violations. The property owner, Mr. Carpiaux, took no action to begin abatement of the violations. On October 19, 2015, the Chief Building Official issued a subsequent Notice and Order regarding violations of the Uniform Code of the Abatement of Dangerous Buildings, and ordering the demolition of the structure on the Property. Mr. Carpiaux appealed this Notice and Order to demolish.

A hearing on Mr. Carpiaux's appeal took place before the City Board of Examiners, a subset of the City Board of Appeals, as provided by the 1994 Uniform Code for Abatement of Dangerous Buildings. Mr. Carpiaux attended the hearing, and testified extensively both orally and through the submission of documentary evidence. At the conclusion of the hearing, the Board of Examiners found numerous violations of the Uniform Code of the Abatement of Dangerous Buildings, and found that "rehabilitation of the premises is not only logistically infeasible, but would [create] a greater economic burden to Mr. Carpiaux than demolition and construction of a new structure." The Board of Appeals adopted the recommended decision of the Board of Examiners to uphold the Notice and Order to demolish at a public meeting held on August 23, 2016. On August 25, 2016, Mr. Carpiaux was served with the Board of Appeals' Final Decision.

On December 22, 2017, the City obtained an abatement warrant in Alameda Superior Court Case No. 2017-3912 for the purposes of implementing the Final Decision by demolishing the structure and carrying out related nuisance abatement activities. On

December 27, 2017, the City began abatement activities. Demolition and related clean-up and abatement activities on the Property were completed by January 5, 2018.

Costs Incurred by the City During Abatement Process

The City contracted with Peninsula Hauling – Demo & Deconstruction (“PH”) to demolish the structure and perform related activities to abating the nuisance. Although the City had issued a notice of invitation to bid for the demolition project, the City received no bids, and therefore, negotiated directly with PH for its services. The City entered into a contract with PH in which the total amount paid would not exceed \$83,930. This total amount included a contingency fee fund of \$7,630.00. The contracted scope of work also assumed that stitch piers or some other form of temporary shoring would be required to ensure the stability of the adjacent property during demolition. However, based on actual observation of site conditions by relevant professionals and their respective experiences, that temporary shoring was not required. Eliminating the temporary shoring from the scope of work, saved the City approximately \$37,500. Thus, the City expended a total of **thirty-eight thousand, seven hundred, ninety-nine dollars and ninety-eight cents (\$38,799.98)** for the services rendered by PH.

In addition, staff required the assistance of West Coast Code Consultants, Inc (“WC3”) to manage the project.¹ WC3 provided management services for constant on-sight management, inspection services, plan review services, and engineering review services. The City expended a total of **eleven thousand, three hundred, forty-five dollars and seventy-seven cents (\$11,345.77)** for the services rendered by WC3.

DISCUSSION

The City proceeded with the abatement of the Property under the 1994 Uniform Code for the Abatement of Dangerous Buildings, adopted by Section 8-6.01 of the prior Emeryville Municipal Code (“Code”).² Chapter 9 of the Code provides for how the City may recover its expenses and costs associated with the abatement. The City may charge the Property with a special assessment to recover the costs. Prior to charging the Property, the City must provide notice to the owner of the Property and other individuals who may have an interest in the Property, and hold a public hearing at which any person interested in or affected by the proposed lien, may lodge written protests and/or objections. Such notice must be provided at least 10 days in advance of the hearing.

Based on a title report obtained on December 6, 2017, the following persons are entitled to receive notice of the City Council’s hearing on the costs of abatement:

Andre Carpiaux

¹ The City retains WC3 to support the Building Department and the services offered by the Building Department.

² The City Council adopted Ordinance No. 16-008, effective December 15, 2016, which adopted the 1997 Uniform Code for the Abatement of Dangerous Buildings, codified at Emeryville Municipal Code section 8.11.01.

CONCLUSION

The City Clerk should set the above-referenced matter for a public hearing in front of the City Council for the City of Emeryville as soon as possible so the City Council may consider whether to assess the subject property with the costs of abatement. Prior to such public hearing, the City Clerk must cause notice of such hearing to be delivered to the individuals listed above. If you have any questions, please contact the City Attorney's Office.
