

## Use of Fee Revenue

The City plans to use park facilities fee revenue to purchase parkland or construct improvements to add to the system of park and recreation facilities that serves new development. The City may only use impact fee revenue to provide facilities and intensify usage of existing facilities needed to serve new development.

The City intends to use the fee revenue to purchase and develop the planned and proposed facilities mapped and listed in the *Parks and Recreation Strategic Plan* (2011). **Table 3.9** displays the planned and proposed facilities identified in the *Strategic Plan*. In order to fully realize all of the planned and proposed facilities in the *Strategic Plan*, the City will need to fund approximately \$70.4 million in costs with non-fee funding sources.
