PLANNING COMMISSION APPLICANTS ONLY

Please provide a short (300 words or less) statement discussing your ideas and attitudes about planning in Emeryville. Please consider issues such as traffic, industrial and commercial development density, affordable housing, maintaining community diversity and jobs/housing balance.

I would like to work to see: 1. thoughtful and careful implementation of rent control that would not harm the ability of investors to benefit from market value rental income but put limits on the amount of rent increases and evictions. 2. restructuring of rules, restrictions and other delays to speed up the permit process for investors wanting to rehab distressed properties; at the same time, implementing a plan for more affordable housing projects; 3. a more effective plan to deal with the homeless problem. 4. effective, environmentally friendly plans for sustainable growth which provide more space for parks, recreation areas and for cultural events.
