East Bay Young Democrats Delegate in Democratic State Central committee Volunteer in Tech for Campaigns

Please list any relevant work and volunteer experience.

I am a hobbyist policy wonk who volunteered to help under resourced campaigns in the central valley. That is where the bulk of my political research experience comes from.

Why are you interested in serving on this Board, Commission or Committee?

I feel it's important as a new member of the community to look out for those that nobody else seems to. Housing is vital in the Bay Area. Even though our city is small, I want to help us continue to punch above our weight and make sure that we have an Emeryville that continues to embrace mixed use development and is as responsive as possible to the housing needs of our population. I am tired of hearing about friends and neighbors getting pushed out of their homes. The upcoming bond measure (which I feel will pass) creates a great opportunity to ramp up affordable housing nearby and I want to help make it as successful as possible.

PLANNING COMMISSION APPLICANTS ONLY

Please provide a short (300 words or less) statement discussing your ideas and attitudes about planning in Emeryville. Please consider issues such as traffic, industrial and commercial development density, affordable housing, maintaining community diversity and jobs/housing balance.
