I have a master's degree in public policy and my career has focused on the development, implementation, and assessment of public policy programs and regulations in the both public and private sectors. On the east coast, I volunteered with the local YMCA, the Boy Scouts of America, and with various food banks and senior centers. We are new to Emeryville, but I am a frequent user of local parks and recreation services (community programs, parks, events).

**Why are you interested in serving on this Board, Commission or Committee?**

We are thrilled to be residents of Emeryville. In 2014, we moved to the Bay Area from Washington DC, where I worked at the Treasury Department during the financial crisis and on financial capability issues, including President Obama's Advisory Council on Financial Capability for Young Americans

( [REDACTED] ). I have dedicated my life to public service and am looking to focus my impact by serving my neighbors at the local level. I strongly believe that being outdoors is imperative for emotional and physical well-being and we visit our local parks every weekend. I have a unique perspective, as a public servant and dog-owning mother of two young children. I want to invest in Emeryville and ensure the city's parks and recreational services serve the public good.
