I have been a professional artist in the Bay Area for 20 years and have had my artistic practice in Emeryville starting in 2005. For the past 5 years, I have been documenting, writing, and publicly speaking about the history of the Emeryville Mudflat Sculptures. Recently I received a Cal Humanities grant to document

Emeryville Mudflat Artist’s oral histories. I have also been involved with studying and writing about the history of Emeryville. Also, I have a child with cerebral palsy in the Emeryville School District and in recent years I have become an advocate for him and other issues surrounding special needs.

I have been working in nonprofit museums for 15 years. I have assisted with all kinds of the 'behind the scene' logistics and administrative needs for nonprofit art institutions. Years ago, my father did serve on the Emeryville Chamber of Commerce, but I have never served on a committee or a commission before. I truly look forward to gaining that kind of experience and servicing the city I love.

Why are you interested in serving on this Board, Commission or Committee?

I am a sculptor who is very interested in art made for the public. It has been a part of my academic career and professional career. Since I was a child, I have been obsessed with Emeryville and my family history there. Its art legacy, especially, has motivated me to become the artist and professional that I am today. It has also inspired me to archive and record its history and promote Emeryville as the culturally significant landmark that it is.
