Why are you interested in serving on this Board, Commission or Committee?

I love living in Emeryville and feel a strong sense of civic duty. I have the time and passion to focus on making this a better place for all the residents that live here and everyone that comes here to enjoy what the city has to offer.

PLANNING COMMISSION APPLICANTS ONLY

Please provide a short (300 words or less) statement discussing your ideas and attitudes about planning in Emeryville. Please consider issues such as traffic, industrial and commercial development density, affordable housing, maintaining community diversity and jobs/housing balance.

I have always held a "Bang for your buck" ethos with respect to City and County government. Given unlimited resources all issues can be solved and paradise shaped in whatever image we like, but that is not reality. It is a delicate and ongoing balancing act and hopefully in the end the greatest number can be served and those that can not help themselves provided for. I believe that most residents once given the chance will astonish with a profound charity and civic pride. They/We just need to be asked. I really and truly am interested in making Emeryville a better place.
