Why are you interested in serving on this Board, Commission or Committee?

As a community member this may be the single biggest quality of life issue. I have empathy and a strong sense of civic duty to make Emeryville the best city it can be.

PLANNING COMMISSION APPLICANTS ONLY

Please provide a short (300 words or less) statement discussing your ideas and attitudes about planning in Emeryville. Please consider issues such as traffic, industrial and commercial development density, affordable housing, maintaining community diversity and jobs/housing balance.

This is an issue I have studied EXTENSIVELY. I have read countless white papers on housing, homelessness, affordability and sustainability. The homeless situation is untenable as a human being. The needs of commercial housing interests, homeless advocate organizations, residents that are simply priced out of renting let alone buying and the homeless all need their interests served, For real positive change, we need radical ideas THAT HAVE WORKED in other cities. I truly feel I can make a positive contribution to this board or I would not seek to become a member. While my wife and I have only lived here a year we love this place. We own a condo in Watergate and plan on living here a long time. I feel deeply a compelling need and desire to give back and help my community.
