Dear Ms. Hartz,

While I understand that the installation of parking meters is not likely to occur until or unless the sidewalks are improved, I would like to register my objection to installing parking meters in front of 1480 and 1490 66<sup>th</sup> Street as paid parking would represent a financial hardship for our employees, even considering the business permits proposed.

Could you please make my voice heard at tonight's COE Pkg Mgmt Plan meeting? I was only informed of the meeting a few hours ago.

Sincere thanks,

Val Cipollone
