PLANNING COMMISSION APPLICANTS ONLY

Please provide a short (300 words or less) statement discussing your ideas and attitudes about planning in Emeryville. Please consider issues such as traffic, industrial and commercial development density, affordable housing, maintaining community diversity and jobs/housing balance.

1# I would like to bring ideas to the table with getting affordable housing for the elderly,young adults and youth population who are perhaps homeless and/or having financial barriers with seeking housing. 2# I the feel the older generation should talk/teach the younger generation civility, understanding different cultures and diversity within our community. 3# Lets visit ideas of paral parking on one side of the street , or 45 degree parking opposite side of street which would allow more resident street parking.
