Honorable City Council Members
City Clerk, Shery Hartz

Hello Emeryville City Council and Ms. Hartz,

As a long-time resident and Emeryville business owner since 1971, I write in support of the valuable work the Emeryville Historical Society continues to provide our City. Recording the unique history of our City is important because Emeryville is a unique town. A modest City Grant to help maintain the important documentational work EHS is doing is a very worthy investment.

I'm proud to have participated in the formation of the Emeryville Historical Society during the early 1980s. Sally and I continue to support the EHS, and we sincerely encourage our City to provide additional support for the valuable historical work the EHS is doing.

Thank you,
