Hello,

The minimum wage increase will have a grave impact on small business in the bay area. \$16.30 per hour is not sustainable for Kara's Cupcakes and most small businesses.

As it continues to climb higher, we will need to reevaluate doing business in Emeryville. It is not sustainable for us and greatly impacts our opportunity to offer advanced benefits and perks for our employees.

I hope you reconsider the raise increase for the small business community in Emeryville.

Thank you and have a sweet day, Kara
