Subject: Re: Notice of June 18, 2019 Emeryville Planning Commission Appointments

Hello Lorrayne,

I want to thank the City of Emeryville for allowing me the privilege of being a Planning Commissioner for the past year. Regretfully, I must withdraw my application seeking reappointment for an additional term. I was informed yesterday morning of an offer from the University of Southern California to attend their MBA program. Thus, I will be relocating to Los Angeles and unable to fulfill the role for a second term.

I have enjoyed every moment working with my esteemed commissioners to make Emeryville such a great place to live and work. I hope to attend the July commission meeting to thank staff and my fellow commissioners.

Thank you for the experience,
