Lorrayne,

I am sorry I can't attend the City Council tomorrow June 18th. I have been out of work for 3 days with a bad chest and head cold. Per your request, below is a quick paragraph about me:

In 2003 I moved to the Bay Area and Emeryville because in all my research I found Emeryville to be both a city that was affordable and also had a terrific quality of life.

I come from a family of painters and sculptors and I have a BFA degree. I have worked in graphic communications for my whole career. I joined the Emeryville Public Art Committee many years ago and have worked on projects such as the Powell Street Underpass Project and Celebration of the Arts Award Selection Committee,

I hope to be able to continue to participate in the Emeryville Public Art Committee for many more years to come.

Thanks,  
Alicia Raffel
