**Why are you interested in serving on this Board, Commission or Committee?**

I live in Emeryville, having moved here after living for over 22 years in Oakland. I am particularly interested in the homeless challenge and am impressed with what Emeryville is doing on that front. I am also interested in real estate development in urban environments, especially since I understand finance. I would like to learn more about and contribute to the thinking and strategy for this area in Emeryville in particular because I think it is so important for everyone, especially families. And it's a way to give back, which I believe is very important.

#### **PLANNING COMMISSION APPLICANTS ONLY**

**Please provide a short (300 words or less) statement discussing your ideas and attitudes about planning in Emeryville. Please consider issues such as traffic, industrial and commercial development density, affordable housing, maintaining community diversity and jobs/housing balance.**
