ADVISORY BODY EXPERIENCE / INFORMATION

Are you currently serving on other Boards, Commissions or Committees?

☒ Yes ☐ No

Have you served on a Board, Commission or Committee before?

☒ Yes ☐ No

Please list all past and current City of Emeryville advisory boards.

Parks and Recreation Committee

Please list any past and current board, commission or committee memberships outside of Emeryville.

East Bay Community Energy Steering Committee

Please list all organization memberships and positions held.

Please list any relevant work and volunteer experience.

I currently work as Technical Lead for Air Quality at C40 Cities, an organization that assists 96 global cities to address climate change and air pollution. I hold a PhD in Energy and Resources and an MPH (Masters of Public Health), both from UC Berkeley. I was chapter scientist for the Intergovernmental Panel on Climate Change (IPCC) Fifth Assessment Report chapter on "Human Health."

Why are you interested in serving on this Board, Commission or Committee?

I am interested in serving on the Planning Commission to assist Emeryville in creating and maintaining spaces that serve a wide range of city residents and are environmentally sustainable from a lifecycle perspective.

PLANNING COMMISSION APPLICANTS ONLY

Please provide a short (300 words or less) statement discussing your ideas and attitudes about planning in Emeryville. Please consider issues such as traffic, industrial and commercial development density, affordable housing, maintaining community diversity and jobs/housing balance.

Emeryville is a vibrant community with many assets in both its natural environment and built environment. As we face rapid socioeconomic changes across the Bay Area, Emeryville can maintain its vibrancy by prioritizing affordable housing and increasing/ensuring community diversity. Emeryville is poised to be a leader in enabling residents to choose active transportation whenever possible, thereby decreasing local motorized vehicle traffic. Providing housing choices that are amenable to--and affordable for--families will ensure that the city maintains a diverse age range of residents. Ensuring that the city's residents and visitors have access to adequate park and public open spaces will be crucial, especially as the city's population grows.
