PLANNING COMMISSION APPLICANTS ONLY

Please provide a short (300 words or less) statement discussing your ideas and attitudes about planning in Emeryville. Please consider issues such as traffic, industrial and commercial development density, affordable housing, maintaining community diversity and jobs/housing balance.

The City of Emeryville is a very robust, small, unique, family oriented place. As the City increases its population, its important to maintain affordability, diversity and green space for people to enjoy. I'd like to see the City attract more career oriented jobs. Increase revenue through sponsorship i.e. national science conferences, national digital arts and media conferences.
