Nearly 40 years of design and construction experience working collaboratively with a variety of stakeholders to solve problems with design solutions.

Why are you interested in serving on this Board, Commission or Committee?

I wish to take an active role in improving Emeryville's bike / pedestrian connections. A high priority for me is working to provide connectivity between transit and higher density areas. Walking, combined with transit, is my preferred way to get around. Emeryville has come a long way with its bike pedestrian connections, but there are key connections that are still missing.
