application translator, 2013-2015

**Why are you interested in serving on this Board, Commission or Committee?**

My family is thinking of putting down roots here for the long haul, which made me think about the community as a generational resource. I want to ensure that our community has the kind of services we'd want for ourselves, for our parents, and for our great-great-grandchildren when they get old.

#### **PLANNING COMMISSION APPLICANTS ONLY**

**Please provide a short (300 words or less) statement discussing your ideas and attitudes about planning in Emeryville. Please consider issues such as traffic, industrial and commercial development density, affordable housing, maintaining community diversity and jobs/housing balance.**

I think our vibrant community already provides great infrastructure for residents and visitors, such as the free shuttles, multiple parks, and the Public Market. Expanding our current offerings and making them even more accessible is the next phase. Expanded bicycle and shuttle access to our shopping areas would allow for a reduction in space devoted to parking, which then creates the possibility to expand retail space, art and social gathering venues, and affordable housing options. These are critical to community diversity, as offering a range of amenities will attract a range of residents and visitors. Additionally, devotion to maintaining and expanding our green space, commercial construction, and housing options creates jobs for the community to build upon itself.
