Why are you interested in serving on this Board, Commission or Committee?

For many years I have experienced satisfaction consulting to and serving on the boards of community-based nonprofit organizations. Most relevant to Emeryville's Commission on Aging is my work at IHSS Consortium providing case management and in-home supportive services to low-income elderly and people with disabilities. My general management and operations experience allows me to contribute meaningfully to the Emeryville community with regard to policies and procedures related to serving the community's senior residents. I have enjoyed my initial term as a member of the COA, in particular becoming familiar with the Age Friendly Cities initiative, as well as how the work of the City's other committees impacts its older residents.
